MDA to Offer Free Waste Pesticide Collections in Northwestern Minnesota

St. Paul, MN: The Minnesota Department of Agriculture (MDA) is hosting a series of free waste pesticide collections available to residents in or near eleven northwestern Minnesota counties. Residents from Beltrami, Cass, Clay, Clearwater, Lake of the Woods, Kittson, Marshall, Pennington, Polk, Red Lake, and Roseau counties and the surrounding areas may attend any of the five collection sites on August 9-11.

The program accepts unwanted, unusable agricultural and consumer-type pesticides including insecticides, fungicides, herbicides, and rodenticides used in Minnesota. However, crop oils, adjuvants, pesticide rinsate, fertilizer, treated seed, contaminated soil, and empty pesticide containers will not be accepted. The collections are open to farmers, homeowners, commercial pesticide applicators, golf courses, lawn care compa-

nies, structural pest control operators, and other pesticide users. No pre-registration for the MDA events is required, and collection sites will accept up to 300 pounds of eligible product at no cost. However, the MDA requests pesticide users call 651-214-6843 to provide

advance notification if they wish to drop off more than 300 pounds of product.

The 2022 MDA collections will be held at the following locations and times:

August 9 - CHS Ag Services, 1009 South Atlantic Ave., Hallock 2 – 4 p.m.

August 10 - CHS Ag Services, 420 South Main, Warren 9 – 11 a.m.

August 10 - CHS Ag Services, 806 Elevator Road, Oklee 2 – 4 p.m.

August 11 - CHS Ag Services, 3035 Highway 75 South, Crookston 9 – 11 a.m.

August 11 - West Central Ag Services, 334 1st Street SE, Ulen 2 – 4 p.m.

The MDA has collected approximately 10 million pounds of pesticides around the state since the Waste Pesticide Collection Program started in 1990.

The Hegg girls, originally from McIntosh, celebrated their 20th Anniversary Getaway in Duluth, Minnesota, returning to the site where they held the first Getaway. The years have flown by, and each sister has made it a priority to attend each year. Gathering in front of the lighthouse are: Kathleen Rustad, Nikki Welsch, Meredith Hollcraft, Teresa Wendland, Stephanie Juve, Emily Sannes, Eileen Hegg and Carrie Vetter.

Line 3 Construction Exceeded Predicted Goals for Spending & Jobs

Months after construction work has been completed and the replaced line is in full operation, a new research report shows that the Line 3 Replacement project dramatically exceeded its predicted economic impact in Northern Minnesota. The Duluth-based Area Partnership for Economic Expansion (APEX) commissioned reports before and after construction of what is the largest, privately funded, union construction project in Minnesota history. The newly released post-construction report shows the project at one time had a workforce of more than 14,000 workers, on average supported 4,157 jobs per year in the region, and had a total impact of over \$5 billion.

"The results of this report and the amazing impact of the project shows us why it's important to support things like replacing Line 3," said Todd Rothe, a member of the Minnesotaans for Line 3 Advisory Committee. "Getting things done in Minnesota and elsewhere is a very hard thing to do. Yet the bigger the opportunity, the bigger the challenge. The report today shows the power of what can happen when we work together to get big things done. It's more than worth it."

In 2017, APEX commissioned a Bureau of Business and Economic Research (BBER) at the University of Minnesota Duluth's Labovitz School of Business and Economics study that estimated work to replace Enbridge's Line 3 Pipeline predicted the project would have created about 8,600 jobs and invested more than \$2.0 billion into Northern Minnesota's economy. New data shows the project significantly exceeded these projections.

Key Report Findings
•The L3RP supported, on average, 4,157 jobs per year in the region during the period.

•Peak construction employment reached more than 14,000 jobs in 2021.

•Roughly 50% of the project's construction laborers were residents of the 16-county project area.

•L3RP contributed more than \$1.7 billion in employee wages and benefits.

•For every job directly supported by Line 3, another 86 jobs were added in supporting industries.

•L3RP generated over \$2.2 billion in value-added spending and more than \$5 billion in new spending.

•Once monitoring and restoration work concludes in

2023, Enbridge will have invested more than

\$4 billion over the seven-year project, including more than \$2.9 billion spent in the 16-county project area.

For local elected leaders along the route, the new data provided important context to the impact they and their communities experienced when final permits were issued and construction started. Construction work took about 10 months to complete and came after what had been a period of COVID-driven economic challenges. Prior to construction, a significant number of people in the counties along the route had filed unemployment insurance applications and many businesses were struggling to find customers.

Construction work started immediately after permits were issued and almost every available union worker had the chance to be part of crews doing a variety of different tasks. Local businesses immediately saw an influx of customers, and local communities saw new revenue and energy for months.

"As the Mayor of a community that faced serious economic challenges from the pandemic, I can tell you first-hand how

much Line 3 meant to Thief River Falls," said Thief River Falls Mayor Brian Holmer. "When the work to review and approve Line 3 started, no one could have imagined we would face a pandemic and the economic chaos it brought as we were forced to watch our economy shut down. Yet when the final permits were issued and work started, so much changed in such an immediate and positive way. The report will forever be an important reminder of the full story of Line 3, what happened, and why it did so much good for so many people."

"It's been said promises made and promises kept – but this report takes that to a higher level," said Clearbrook Mayor Dylan Goudge. "As the mayor of my community, I saw the stress people and businesses had before construction started. Yet that all changed the day after permits were issued and we are still feeling the positive impact of what is still an amazing project. When you look at this report and see that as many as 14,000 people were working on Line 3 at one time – it's beyond amazing. When you see how much was invested into our economy, it's hard to comprehend the scale of what happened."

Nine new graduates will join the profession after achieving national licensure

July 28, 2022 — Northland's Physical Therapist Assistant program has achieved an overall 100% licensure exam pass rate for the fifth consecutive year. This is the third year in a row it has been achieved on the first attempt.

The National Physical Therapy Exam pass rate for physical therapist assistants taking the test for the first time averages around 85%, with 2021 pass rates coming in at 79%,

according to the Federation of State Boards of Physical Therapy.

"I'm very proud of this group of graduates," shared Justin Berry, PT, DPT, Ph.D., Director of Northlands PTA program. "Their first year of the program was especially challenging due to COVID-19, and they still excelled academically and during their clinical internships."

The future looks bright for

Northland's recent PTA grads. The profession's outlook has a projected 20% growth rate by 2028 in Minnesota and 35% nationwide. "The job market for PTAs in the region is the strongest it has been in over ten years," stated Berry. "Right now there are many more job opportunities than graduates." Northland PTA graduates are employed in a wide variety of settings, including hospitals, physical therapy clinics, reha-

bilitation centers, pediatric facilities, home health agencies, schools, and long-term care facilities.

Northland's PTA program was initially started in 2007, graduating its first class in 2009 as a call for more trained professionals in the region. Berry was integral in the program's creation and has been at the college since 2006.

Mentor Farmers Market introduces a new vendor for the 2022 season: "Bagels by Domnika"

Bagels By Domnika started in 2020, right in the middle of the pandemic. Starting a bagel business wasn't quite my idea, it was more my mom's. My mom, Fedosia Kutsev retired from the farmers market/ craft shows in 2020. She asked me if I would be interested in taking her spot at the farmers market and I immediately said no, as both my husband and I have full-time jobs. She kept on and said, "just try it out and see how it goes." So, we did. Well, here we are, in our third year running a side bagel business and we truly love it. When I say we that includes my husband, Ian. He has been a huge part in this business. Without his help, it would be impossible. Ian's part of the job is to boil, bake and deliver orders and I make the dough, roll bagels and of course create different bagel recipes. Like I said, starting a side business wasn't in our plans but as the orders started coming in and the markets were selling out, we knew we had a great product. We started baking in our kitchen and within a couple months we decided we needed to expand so we bought a commercial oven and converted our garage into a kitchen space but that wasn't enough. What we needed was a better layout, more space and overall, just something more functional. We set a goal, if we saved enough money, we would build a separate kitchen just for our bagel business. Within one year, we did it, we accomplished our goal. Our addition was completed Fall of 2021. Having a designated area for baking and canning has been great! Everything has its place, and the flow of production has been a game changer. Now, as the farmers market season is at its high peak and we are super busy but that doesn't stop us from making additional goals. The best part about running a small bagel business is meeting so many great people that love our products.

The "Thriving Life Church" from Erskine will in the Center Circle at the Market on Saturday, August 6th.

The Mentor Farmers Market is open every Saturday from 8 am to Noon through the end of September.

Please stop by and check out all the products!

Sons of Norway Granlund Lodge

Treasures of the Oseberg – The Sons of Norway, Granlund Lodge #240, will hold a brief business meeting at 6:30, Thursday, August 11, at the Embassy Center on the corner of 3rd and Eaton in Fosston. The public is invited to the Pie and Ice Cream social following the meeting and the program that follows. A special presentation on the Oseberg Ship will be given by VIKING AGE textile specialist Astri Bryde, from Norway. The Oseberg ship is a well-preserved Viking ship, preserved in a large prestigious burial mound that held the remains of two women. It was discovered at the Oseberg farm near Tronsberg in Vestfold county, Norway. This ship and its contents are acknowledged to be among the finer artifacts to have survived from the Viking Era. The Oseberg burial mound is one of the few

sources of Viking age textiles including woolen garments, imported silks, and tapestries. Astri will share the exciting history of the Oseberg Ship Archeological site and its treasures of the Viking age. This program is provided with additional support from East Polk Heritage Center. For questions, contact President Wes Roland at 435-1230.

We are twenty-one. Twenty-one weeks old. I wish you would stop craving salad. I don't like salad. Vegetables are good for you. So are blueberries. Fruit is good for you too, you know. You always want something sweet. Doesn't everyone? Nope, not me. Tell me about it. How about a compromise? What do you have in mind? A sweet potato. Wait! Are you trying to trick me into getting Momma to crave a vegetable? If we want to keep growing faster than our placentas, we need our vegetables. And let me guess, we're as big as sweet potatoes, right? Yep! -a.m.opdahl www.speaklife139.com

Prepay at the Pump

Gearing up to get gas is nothing new, except there is something new finding its way to streets along main.

I first noticed it years back when traveling along highways and stopping for gas. As I stood at the pump awaiting gas to spout forth into my tank, nothing happened. Pushing, pausing, and pressing the lever harder was to no avail and my tank remained empty in more ways than one.

Puzzled was the first emotion gripping me as I soon learned that one must prepay to get away with any gas in house. At the time, I thought this to be a remote experience in the far reaching corners of the world of which I did not often frequent.

The thoughts rolling through my mind at the time were not pleasant and went something like this. (Feel free to read it with a twang of sing-song and plenty of high pitched irritation to go along with it.) All because of one person who took off at the pump, not paying for their purchase, and now the rest of the world must suffer. Now I'm the one who's gotta go in to prepay by putting forth my best guess as to how much I'll need, and I stink at guess work. I was never the one who won the jar

full of gumballs up for grabs by guestimating how many were in it. That has never been my gift—ever!

I was frustrated and to this day remain so as I yearn for days-gone-by when trust was something of value and most were up to the task of being worthy of it. Now I, too, must follow these new rules as if I were a criminal with potential to take off at the pump prior to paying. It sorta feels like customer non-appreciation day when I pull up to pump. Rather than being served as a valued consumer who chose to buy product, it's as if I am the one who should be grateful the stations are there in the first place.

Now this unique idea of prepaying at the pump (which by the way was here long before COVID so we can't exactly argue that point) seems to have rolled on out to even small town America and I gotta say, I don't like it. In fact, I intentionally do business at places who will not make it a stipulation to prepay only.

However, when I must, I must—and as the pump slowly slows at the end of my guess work, this irritates too. Heaven forbid one goes over one cent (after having spent 3000 cents—50 bucks). And I might add—this is on a good day when the tank

still has a little within.

Remember the days when there was such a thing as a Baker's Dozen? For those who don't know what this is, it's when one would buy a dozen donuts, and the baker would toss an extra one in for good measure. It was a nod of the head, if you will, to let the customer know they were much appreciated. It was friendly.

My husband always reassures me I'm no business major. I suppose a business person would add up all of one cents over the course of a life time and figure it as loss. I would see it as gain cause it just blessed someone and how can one ever put a price tag on that?

Sort of reminds me of Philippians 3:8. "Indeed, I count everything as loss because of the surpassing worth of knowing Christ Jesus my Lord." Verses 9-10 are powerful, too, and might be worth a look.

Gratitude for those who purchase is something even the customer doesn't take for granted these days. Whether you are an owner of a business or an employee working within it—perhaps the gain comes when a little latitude is given as those who consume are not in it to win it—but are meagerly just trying to make their way in life, too. Amen.

Ask a Trooper

by Sgt. Jesse Grabow Minnesota State Patrol

Question: Hello, maybe you can clear this up for me, what is the definition of stop? I think a slight pause is good enough. I look at it as I am stopping, but everything is clear so I can proceed.

Answer: To answer your question, it is called a "stop sign" not a "stopping sign."

According to Minnesota

State Statute, the definition of "stop" means complete cessation from movement.

"Stopping" means any halting even momentarily of a vehicle, whether occupied or not, except when necessary to avoid conflict with other traffic or in compliance with the directions of a police officer or traffic-control sign or signal.

Look twice at intersections when turning and changing lanes. Drive smart and pay at-

tention.

A portion of state statutes were used with permission from the Office of the Revisor of Statutes. If you have any questions concerning traffic related laws or issues in Minnesota, send your questions to Trp. Tractor Shows and Grandchildren What is not to love !!

By Auctioneer Eric W. Mickelson

One of my favorite tractor shows was this past weekend. The Little Log House Pioneer Village Antique Power Show in Hastings, MN. I unfortunately was unable to go. But I was there last year, that was the 30th annual show, sorry to say I've only seen three of them. In 2018 the feature was Cockshutt. My wife and I made the trip down and it did not disappoint!

It was one of the most fun tractor shows for my wife and I to enjoy! Many, MANY vendors of arts and crafts, food items, toys, tractors,.....something for everyone! The grounds are beautiful also. The Little Log House Pioneer Village features many historic buildings, beautiful flower garden, a wedding venue, Porky's Drive Inn, a military exhibit, a replica of the

Hastings spiral bridge....you see it is a great Pioneer Village, now add a tractor show and I am hooked! After so much fun in 2018, back we came in 2019 for the show featuring, you guessed it John Deere! In 2020 the show was cancelled due to COVID and now in 2021 it featured International Harvester. This year it featured John Deere again!

My son Nick, daughter in law Nicole, grandson Archer, and granddaughter Juniper did go to the cities and I luckily got several pictures back from this years show. I'll have to get the details and let you know I'll bet there was a lot to see....Last year when I was there both grandsons were there....maybe next year we can do it again!!

How about a little Tractor Trivia?

1. One tractor I saw last year was a beautifully restored 1962 4010 John Deere. How many horsepower did John Deere claim a 4010 had on the PTO?
A) 75hp B) 80hp C) 85hp D) 90hp

2. Another favorite was an 830 John Deere Diesel. John Deere claimed the 830 had _____ belt horsepower.
A) 75.6hp B) 80.6hp C) 85.6hp D) 90.6hp

3. From 1965 to 1967 IH made the 1206 Turbo. IH claimed the 1206 Turbo had _____ PTO horsepower.
A) 100hp B) 105hp C) 110 HP D) 115hp

4. In Hutchinson last year I saw my favorite Allis tractor, model RC. The RC was really a WC Allis Chalmers chassis with an Allis model _____ engine.
A) Model WD B) Model G C) Model U D) Model B

5. The Model H Farmall was made from 1939-_____.
A) 1949 B) 1950 C) 1951 D) 1952

OBITUARIES

Obituary for Betty Philp

Betty Ann Kitterman Philp went to be with her Lord and Savior passing peacefully at home with her family by her side on July 18th, 2022.

Visitation was held on Thursday, July 28, 2022 from 5:00- 7:00 p.m. at the Cease Funeral Home in Bagley, MN with a family service to follow. A Celebration of Life was held on Friday, July 29th, 2022 at 2:00 p.m. at the Clearwater Lutheran Church in Shevlin, MN with Pastor Jeremiah Holst officiating. The Family requested bright colored Hawaiian shirts or flowered clothing to be worn in memory of Betty's bright and colorful spirit of giving to and loving others. The Cease Family Funeral Home of Bagley assisted the family with arrangements.

Betty Ann Kitterman Philp was born May 23rd, 1947 in Jonesboro, Arkansas. Her parents, Jay and Margaret Kitterman raised her with great faith in our Lord and Savior Jesus Christ. As a small child and through her high school years, Betty was very active in her church, Sunday School Youth Activities, Wednesday night suppers and fellowship at the First Baptist Church in Jonesboro, AR. She loved Psalm 23 at a very young age her grandmother, Miss Ruth "Ruthie" would read it to her and she memorized it quickly. Betty attended K-12 in Jonesboro, Nettleton Elementary, Anne Camp Junior High and Jonesboro High School, home of the Hurricanes. During her youth she was a member of Job's Daughters and later Eastern Stars of the Masonic Order. She attended Girls State and graduated from JHS in 1966. Throughout her teen years she worked as a shoe sales woman and at her father's, Jay Kitterman's Men's Clothing Store. After graduation Betty attended A State in Jonesboro, receiving her teaching degree.

Betty met her husband of 53 years, Lowell Dean Philp in 1968 while attending a dance at the Airmen's Club in Blyville, AR. It wasn't love at first sight, but he was persistent and grew on her. She loved Lowell (Phil) deeply and they were married 7 days after his honorable discharge from the U.S. Airforce on June 12, 1969 at the First Baptist Church in Jonesboro. They made their home in Jonesboro. Betty taught 2nd Grade at Nettleton Elementary and deeply cared for her students and made a fun, safe, and loving environment in her classroom. While Lowell attended A State and later became an Art Teacher at Lake City High School. They were both teaching when they welcomed their only child, daughter Ashley Jayne, into the world on Sept. 4, 1974. Betty was over the moon and would do anything for her daughter. She was an amazing mother and wife, and later mother-in-law and Nana.

Betty had also attended cosmetology school in AR and worked for Gail Harrison before moving to Minnesota in 1979 where her and Lowell made their home until the present

day. After moving to MN, Betty would substitute teach, worked at the Hair Affair for Lyn Nicholas in Bemidji, and later opened her own Beauty Shop in Shevlin called the Hairline. She loved all her local, repeat clients and was home to raise her daughter, Ashley, while Lowell worked at Potlach. Her beauty shop was in business until 1993 when she retired. She would still travel to home bound people and nursing homes to volunteer her services. She never completely stopped working. She took a job as Supervisor of the Catalog department at J.C. Penny's in Bemidji until August of 2000 when she started working at Security Bank USA in Bemidji until her retirement in 2014 due to her and her husband's cancer diagnoses. That didn't stop her. Betty would still fill in when needed at the bank and worked as a classroom aid at Bagley Elementary School.

Betty's biggest love and excitement would be the summer trips to Arkansas to visit family. She looked forward to them all year. At least two weeks of every Summer would be spent with family and friends in the South. Family, faith, and friends were the very top of the list for Betty. Lowell, Ashley, Bria, Paityn, and Paul were her first and foremost priority behind God. Her granddaughters were the light of her life. The girls figured out at a young age to "just Ask Nana". She was proud of the young women they had become. Nana will be forever proud of her girls.

Betty never sat still. She decorated for every holiday with matching outfits for the occasion, making flower arrangements or wreaths to give away, or whatever craft she was doing at the time. She was always involved with her community in Arkansas as a JC and housemother at a group home, church services, and in Minnesota at the Bagley American Legion Auxiliary, along with positions of District #9, backpack program of Clearwater County, wedding coordinator at Clearwater Lutheran Church, giving tree at Christmas for a family to have a special Christmas, Love Circle and the church choir. She was always planning something for someone. She welcomed everyone no matter what with her free spirited, nurturing, loving heart. She will be greatly missed, never forgotten for her quick wit, sense of humor, and love for everyone who crossed her path. She let her love flow.

Betty is survived by her husband of 53 years, Lowell D. Philp of Shevlin, MN; daughter, Ashley (Paul) Halvorson; granddaughters, Bria and Paityn Halvorson of Bagley, MN; sister, Shirley Rores of Bay, AR; brother, Jimmy Ledbetter of McMinnville, TN; sister-in-law, Helene Gesell of Bemidji, MN, Linda (Ike Fairbanks) Philp of Brainerd, MN, Bonnie (Jim) Kreck of Anoka, MN, and Mary Philp of Elk River, MN; brother-in-law, Genne Philp, Jr. of Bemidji, MN; great aunt, Ester Kitterman of Little Rock, AR; numerous nieces, nephews, great nieces, and great nephews; and many wonderful cousins, other family, and special friends.

Betty was preceded in death by her grandparents, Miss Ruth and Sol Kitterman; her parents, Jay and Margaret Kitterman; her in-laws, Genne and Ragna Philp; her uncle, Weldon Kitterman; her siblings, Francis, Mary, Susie, Doris, and James; her niece, Barbara; special cousin, Gregory Kitterman; and her biological parents, Inez Young and James Jack Herman.

Bemidji Speedway "Racing Families" The Matthews Family

7/27/2022

By Dennis Peterson

One of the few legends of Bemidji Speedway is Donnie Matthews of Bemidji. Matthews raced the #07 starting in 1963, stopped for a couple years when drafted into the army and sent to Vietnam. He returned to racing in 1968 and became part owner of the track for five years. He raced in the Late Model class beginning in 1979 and was the track champion at Bemidji Speedway. Donnie raced in Bemidji and Grand Forks for three years and finished 2nd in points each year. He stopped racing in 1990.

Donnie Matthew's son Gary took over the racing duties beginning in the late 80's in the street stock class, and also raced modifieds and super stocks with his Bemidji High School sports number of #17.

Fast forward to 2022. Gary's son Carter is now the racing member of the family in the Wissota Hornet class in his rookie season. Carter was inspired by his grandpa and dad to get into racing and the Matthews skill on the track is definitely showing as Carter is leading in local Bemidji Speedway points and more

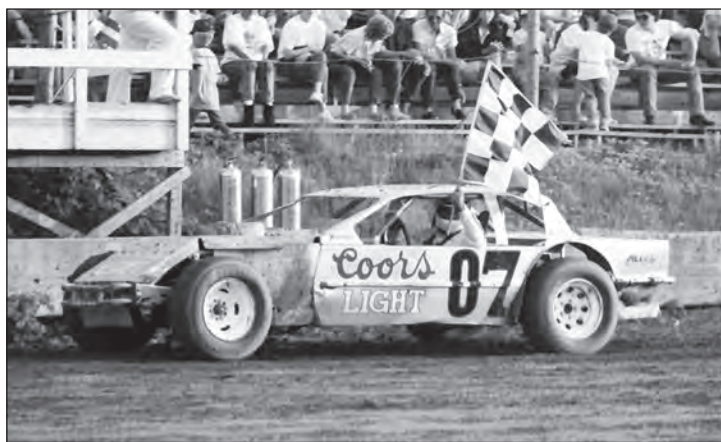

The Matthews family of racers. L-R Gary, Donnie and Carter.

impressively the National Wissota Hornet Points. As a rookie Carter has won three features, so far. Carter brought back the famous #07 to the track in his race car.

Race fans who have been around Bemidji Speedway for

years are excited to see the Matthews family back at the track. Carter can be seen racing in the "Dean Olafson Memorial Race" on Sunday.

The Wissota Pure Stocks and Hornets will be racing for \$1,000.00 and \$500.00 respectively. Starting time is 5:30.

It was a beautiful night for racing at the Greenbush Race Park as 73 drivers were signed in for the nights racing and the Olson cup was up for grabs for the MinnKota PowerI Lightning Sprints.

Only nine Wissota Streets were in attendance and outside polesitter James Meagher was the early leader. Meagher lead the first five circuits until he spun coming out of corner two. This handed the lead over to Jeremy Gust. Over the last 10 laps Gust had to deal with a pesky Dan McNamee. McNamee kept the pressure on Gust but could not gain enough momentum to make the pass for the lead. Gust went on to pick

up his third win of the year with McNamee finishing second and Jerome Berger third. Meagher won the only heat race.

The Wissota Pure Stock feature wasn't decided until the checkers flew. Aaden Olson sat outside row one and lead the first two laps before he brought out the first yellow spinning in corner four. This handed the lead to Deryk Weleski and he lead the next six before he was passed by Billy Binkley out of turn two. When the white flew there were four drivers in a position to win, Binkley, Weleski, Dave Meyer and Josh Berg. Coming out of four to the checkers Berg was able to sneak by the other three to

pick up his fourth win in a row and fifth on the year. Binkley would finish second and Meyer third. Weleski would pick up the only heat win.

The Wissota Midwest Mods would send 22 cars to take the green for their feature and polesitter Taylor Jacobson would lead the first lap but by the time they came around for lap two, Doyle Erickson would be in front. Erickson lead the next six laps before he had mechanical problems and pulled into the infield handing the lead to Aaron Blacklance. After a couple of cautions on lap nine, Blacklance was able to keep everyone behind him as he went on to get his sixth win of the year and a sweep of the

evening. Justin Olson would finish second and Jacobson third. Heat wins went to Patrick Sobolik, Paul Veert, and Jacobson.

The Wissota Modified feature ran caution free with a good run for rookie Ryan Johnson. Mike Tiani lead the first two laps before Johnson passed Tiani coming out of four to lead lap three. Johnson lead the next three laps before Tyler Peterson made the pass for the top spot on lap six. Peterson lead the final 14 laps unchallenged to get the sweep, and his sixth win in a row and eighth on the year. Johnson finished second and Dustin Wahl third. The other heat win went to Aaron Holtan.

The second running of the Olson Cup was up for grabs for the MinnKota PowerI Lightning Sprints. Alex Truscinski sat on the pole and lead all 30 laps as he won by over a full straightaway over his father in second place, Alan Truscinski. Chris Crowder would finish third. Heat wins went to Alan Truscinski, Kate Taves, and Dexter Dvergsten.

In the 4 Cylinder feature, Shannon George ended the winning streak for Kalin Honer. George picked up his first win of the year as Honer finished second and got the only heat win and Gordon Hunter finished third.

Up next for the Greenbush Race Park will be the return of the Baker Cup for the Modifieds along with the NLRA Late Models. Joining the Mods and Late Models will be the Midwest Mods and Streets. Pit Gates open at 4:30 with the grandstands opening at 5:30. Cutoff for the draw is at 6pm with the racing getting under way at 7pm sharp. Bemidji Speedway 3rd Annual Dean Olafson Memorial Race

7/31/2022

By Dennis Peterson

Bemidji Speedway was geared for action with the 3rd Annual Dean Olafson Memorial Race on Sunday. The weather man predicted a light rain just prior to the race start but track officials decided it wouldn't be enough to stop the races from going forward. Well, about 30 minutes prior to the races going green the skies opened and a deluge covered the track and pit area forcing cancellation of the special night.

The Dean Olafson Memorial Special for Wissota Hornets and Pure Stocks will be held next Sunday August 7th in conjunction with the AFCC Race of Champions Qualifier. The mini stocks will not run next Sunday. Bemidji Speedway will be the only Wissota Sanctioned track running next Sunday so track officials are expecting a large turnout of cars for the ROC race and the Dean Olafson Memorial Special. Races start at 5:30.

Entering the final month of racing for points many classes are still up for grabs for the season points championship.
