David Felch is Border State Bank Chief Executive Officer

David Felch is the Chief Executive Officer (CEO) of the Border State Bank in Clearbrook.

New signs are up on main street in Clearbrook announcing Border State Bank.

The official date for the change over from First State Bank in Clearbrook to Border State Bank in Clearbrook happened on Monday, October 15. David Felch is the Chief Executive Officer (CEO) of the Border State Bank in Clearbrook. He is also the CEO of the Border State Banks ten locations across Minnesota including Badger, Baudette,, Coon Rapids, Greenbush, International Falls, Lancaster, Middle River, Roseau and Thief River Falls. The Border State Bank Board of Directors named Felch (CEO) of Border State Bank, following the retirement of longtime CEO Robert Hager. Felch had been the Chief Strategy Officer for the banks before that point.

Felch is originally from Kenmare, North Dakota and a graduate of Moorhead State University with a degree in finance. He is also a Certified Public Accountant.

He won't be spending much time in Clearbrook as Mark Juve is the President of the bank in Clearbrook who takes care of the day to day operations and has been there since July of 2010. There are 150 employees in the various banks that belong to the Border State group.

David lives in Fargo with his wife. They have two grown children. He enjoys being outside.

Border State Bank is an FDIC-insured bank founded in 1935 and currently based in Greenbush, MN. The bank has equity of $51.8 million on assets of $506.9 million, according to December 31, 2017, regulatory filings.

They continue to invest in technologies as that expands and changes constantly.

The bank is also involved by contributing thousands of dollars each year to events and organizations that have a positive impact on the communities and quality of life. Which Felch thinks is so important in the small communities.

Upcoming referendum discussed at school board meeting

Superintendent Jeff Burgess led the discussion on the referendum resolution that will be voted on November 6th. He has been going to various places to answer questions on the upcoming Ballot Questions for the school district proposed improvements. There are meetings planned, one that was held on Wednesday, October 17 at 6:00 p.m. at the Clearbrook-Gonvick School. The other three will be is Monday, October 29 at the Clear Waters Life Center in Gonvick at 6:30 p.m. and October 30th at 6:30 p.m. at the Town Hall in Leonard and November 1 at Sand Valley Church at 6:30 p.m. He informed the board that the various steps have been completed thus far. A flyer was sent out to all current residents in Clearbrook, Gonvick, Leonard, Trail and Gully to inform everyone on the Plan, Ballot Questions, Tax Impact and Voting Information. Board Chairman Jeff Westrum wanted to thank the people who have put effort forth on the referendum resolution.

Other items that he brought up were: The building trash compactor should be at the school by the end of October or early November. This should help to get the trash collection down. The enrollment sits at 25 to 30 students over last year. The district did not get the School Safety Grant. 25 million was proposed. Minneapolis received 2.5 of that amount. It was done on a lottery system. Two compressors had to be replaced for $4,600. The ice machine had to be replaced for $2,000. Cost to fix would be about the same amount so they decided to go with a new one. MCA testing will be starting.

Kim Anderson, gave the Spotlight on Education. The third grade students visited the school forest. Nate Watne and Nolan Eck answered many questions for the class. The 4th grade were bridge engineers. The sixth grade received their first books from Scholastic Book Club. The high school Science class made salsa. Products for the salsa were brought from area groups.

Principals report

Principal Dugstad stated that James Bettin excelled during the schools Homecoming events. They had to change the parade from going downtown to indoors at the school. He worked through the events and then at the dance on Friday night and helped with clean up afterwards.

He attended a seminar on the 504 plan in Moorhead. That will help the school to move forward with the process. Section 504 of the Rehabilitation Act of 1973 is a federal law designed to protect the rights of individuals with disabilities in programs and activities that federal financial assistance.

Fire Prevention Week was October 7 - 13.

Fire Prevention Week was October 7 - 13. This year's theme was "Look. Listen. Learn. Be aware. Fire can happen anywhere." Members of the Gonvick and Clearbrook fire departments brought their trucks to the Clearbrook-Gonvick School and talked with students in preschool through third grade about fire safety. The fire departments also gave out fire hats and whistles to all the students.

The Donny Prosser Award is given to the overall best fire poster which was won by Lily Gerlofs.

In 1922, when the National Fire Protection Association named the second week in October Fire Prevention Week in commemoration of the Great Chicago Fire in 1871.

In 2016 there were 352,000 home fires, and 3 out of 5 fire deaths occurred in homes without smoke alarms.

Less than 50% of homeowners have an escape plan. Carbon monoxide is the #1 cause of accidental death.

Top Tips for Fire Safety

Install smoke alarms on every level of your home, inside bedrooms and outside sleeping areas.

Test smoke alarms every month. ...

Talk with all family members about a fire escape plan and practice the plan twice a year.

If a fire occurs in your home, GET OUT, STAY OUT and CALL FOR HELP.

The Donny Prosser Award is given to the overall best fire poster. This year the award went to Lily Gerlofs in Mrs. Faldet's classroom.

Halloween fun in the area

There are two events scheduled for Halloween.

Sunday, October 28 there will be "Trunk or Treat" in the school parking lot. The lot will be transformed into candy stations where local business and community members will decorate their cars and pass out candy from their trunks. This will be done in the north parking lot where the busses load. You are asked to park in the south parking lot of the Clearbrook-Gonvick School. It will be held from 1:00 to 2:30 pm. Come dressed in your Halloween Costume.

If you would like to participate as a candy station, please fill out the form or contact Danielle Derby (218-766-0831), Leah Watne (218-766-2399) or Linda Engen (218-766-8800).

The second party will be put on by the Gonvick Lions Club. That will be held at the Clear Water Life Center gym in Gonvick from 5 to 7 pm on Wednesday, October 31. There will be costume prizes in various age groups. Games and cookie decorating stations. They will have a Halloween walk for goodies. Lion members and community members are asked to provide two items of cookies or goodies for the walk.

If you would like some more information please call 218-368-5731

Special recognition was to Harper Watne in Mrs. Faldet's 2nd grade for the best drawing of a firetruck. The firemen were amazed at all the detail she put into her drawing.

SWCD considers using available money to update County aerial imagery

By Karen Edelbach

The Clearwater County Board of Commissioners met on October 16, 2018. First on the agenda were Chester Powell, Program Technician, and Jamin Carlson, Water Plan Coordinator of the Soil & Water Conservation District (SWCD).

Chester discussed the comatch funding from BWSR of $18,200 available, with a deadline for application by January 15, 2019. Some of last year's funding, $50,000, is being used for public water access. Lone Lake, Johnson Lake, and LaSalle Lake are projects being worked on.

"Do any of you Commissioners have any ideas for us to keep in mind for next year if we go forward with this?" asked Chester.

Commissioner Dan Stenseng asked what are the perimeters of acceptable projects.

"Projects considered are determined by whether the County can benefit and the SWCD can benefit," explained Chester.

One project that is being considered is new aerial imagery for the County. Bruce Cox, Stuart Lein, Jamie Freeman, Dan Hecht, all County department heads, have indicated an interest and need for the Clearwater County imagery to be updated and available on the County web site. Currently the 2013 imagery is available on the County's site, and 2015 can be seen on a google web site, however the resolution is very poor.

Commissioner Neal Illies commented that this would be good for the public.

Jamin added that realtors use this type of information all the time.

SWCD has been in contact with Red Lake reservation, and they would like to be included in an update. They would be requested to pay for their portion if SWCD goes ahead with new imagery in 2019. SWCD thought this is a good idea.

Rough numbers as per the cost of this project is $85,000, including the cost for Red Lake, but it is possible that other funding would be available to make it half that cost over a three year basis. The aerial imager would be done by Pictometry, a company based in Rochester, New York and Washington State.

The SWCD could reach out to the State, and the Watershed District for additional money for the project. Riparian State Aid may be available to be used from the Environmental Services who receive them. (Riparian is pertaining to the banks of a river.)

The Commissioners were unanimous in their approval of further investigating this project and gave their support.

Jamin covered another issue of the Wild Rice Water Shed District and the Mississippi Headwaters Boundaries, "One Watershed – One Plan" projects. Also he explained the ECO Foot Print Grant for a lake shore erosion project being done at Clearwater Lake. Beltrami County shares the funding with Clearwater County SWCD. They expect to be done with the project by mid-November.

CVSO Hutch Hutchens brought his report for the period of July 1 through September 30. Some of the activities he was involved in during that time included working the Minnesota State Fair Veterans Exposition in August; attending the CVSO 2018 Fall Conference at Grandview in September; and facilitating the Clearwater County Safety Committee meetings for July and September, 2018. He processed 405 telephone calls, 27 office visits, 232 emails, and there were 90 individual veterans served during this period. In addition, he has daily incidental contacts with veterans and their families in the community.

Four-Legged Lake & Judicial Ditch #5: Commissioner Neal Illies asked for the Commissioners to support a letter sent to Red Lake Watershed District (RLWD) by Clearwater County Environmental Services office, signed by Technician Michael Stenseng regarding the work RLWD proposed on Judicial Ditch 5 at Four-Legged Lake to lower the outlet to an elevation of 1426 feet.

"The work proposed to lower the outlet on Judicial Ditch 5 to an elevation of 1426 feet is not in compliance with the State of Minnesota Wetland Conservation Act. The local technial evaluation panel has reviewed the matter and determined … that lowering the elevation of the outlet to 1426 feet will cause a loss of public water wetland and private wetland that has existed more than 25 years..." the letter stated, along with the MN Rule 8420.0420, subpart 3, and MN Rule 4410.4400 subpart 20.

The letter is to encourage RLWD to consider these regulations and take proper steps for a required project application and the need for a plan.

"County-Based Purchasing" (CBP): A letter proposed by PrimeWest Health to the Minnesota gubernatorial candidates Jeff Johnson and Tim Waltz was signed by all the Commissioners with the purpose of getting "County-Based Purchasing" (CBP) on the candidates' radars by demonstrating how many counties and county commissioners are behind CBP in the state. The same letter will be expected from county commissioners of the other CBP counties (37) signed by 185 commissioners.

The letter states in part:

"As county commissioners deeply involved in serving the needs of our constituents, we write in support of County-Based Purchasing which provides outstanding local, cost-effective and dependable access to care for more than 92,000 people enrolled in Minnesota Health Care Programs (MHCP) like Medicaid and MinnesotaCare... As Governor, we need your support for CBP, which has broad support among Minnesota counties, county organizations, and legislators of both parties."

County Auditor-Treasurer Allen Paulson received authorization to pay the submitted invoices of $15,952 from the County Revenue Fund, and $22,262 from Nursing Service.

The Board authorized the County Board Chairman Dan Stenseng to sign the Grant Contract Agreement with the State of Minnesota for the Snowmobile Grant-In-Aid Program for fiscal year 2019.

Commissioners present at the meeting were Daniel Stenseng, Dean Newland, John Nelson, Neal Illies and Arlen Syverson.

COUNSELORS CORNER:

There are lots of things going on in the school counseling world. Here are the highlights:

Juniors -They will be taking the ASVAB on Thursday, October 25th (a letter was sent in the mail)

-The ACT will be administered though the school on Wednesday, February 20th

Seniors -The FAFSA is available starting October 1 for the 2019-2020 college school year. It should be filled out as soon as possible on or after October 1 to meet FAFSA deadlines, which is different at each school https://fafsa.ed.gov/

-October is College Knowledge Month!

The goal of College Knowledge Month is to provide every graduating high school senior with the preparation, opportunity, and support needed to apply to college. Many Minnesota postsecondary institutions waive application fees during College Knowledge Month. Click here to see the complete list

October Spotlight Support Staff:

Mary T. Mohr, Paraprofessional

"Life in the middle school is an adventure not a job." ~Angela K. Bennett

Mary Mohr started working in the kitchen in 2016 and then moved on to helping elementary students. This year she is helping these same students as they take on the challenge of junior high. Mary is married to Ken. They have seven kids, 15 grandchildren, four horses, five minis, two potbelly pigs, and four dogs.

Mary grew up in North Dakota, near Jamestown. Her family owned and ran a restaurant/lounge. Mary enjoyed her young life spending her free time riding horses with family and friends. Mary continues to enjoy this to this day.

Why did you choose to work at a school? My love of kids brought me to this school.

What did you do before coming to Clearbrook-Gonvick? I've held several positions in life, from a cook to a homemaker, ranch worker to L&M Fleet employee. The longest favorite was raising quarter horses.

What is the best part of your job at Clearbrook-Gonvick? The best part of my job is watching the kids succeed and getting to know all of the wonderful teachers and staff here at Clearbrook-Gonvick.

What is the biggest challenge of your job? The biggest challenge is letting the kids fail once in awhile. It's hard to not do the work for them.

If you could have any job in the world - what would it be? Why? I would run a huge quarter horse ranch in Texas. This is something I've always dreamed of doing since I was a child.

What do you do when you are not working at the school? My husband and I travel to see our children and grandchildren. When we aren't doing that, I am out playing with or riding my horses.

What is something you really enjoy about the fall season? I love riding through the colorful state parks. Fall is the most beautiful weather for this hobby.

What are your favorite aspects of the Clearbrook-Gonvick community? The Clearbrook-Gonvick community has always been a warm and inviting place. The people are always friendly and willing to help.

And now a few comments from the staff and students about Mary. "She has a big heart for kids, is willing to step in where needed, always has a smile and 'good morning' for me in the morning, and is willing to learn new things in order to be able to help students better." "Mary is always energetic and excited about the day!! She comes in the room and is singing 'GOOD MORNING, GOOD MORNING!!'" "Mary took on the challenge this year of moving with students from the elementary to the high school. She has risen to the challenge and has the mindset that she will succeed and so will the students she works with!" "I am thankful that Mary helps me in my schoolwork. Sometimes she makes me work too hard, but that is ok." "Mary, thanks for all your hard work and dedication to our district!" "Mary helps me make the right choices." "I appreciate her smiles and 'hellos'." "Mary has rules, but yet, she is nice."

2018 FLU SHOTS: The Fargo VA Health Care System will hold several free influenza immunization clinics in October for Veterans enrolled in VA healthcare across North Dakota and northwest Minnesota. Bemidji VA Community Based Outpatient Clinic:

• Oct. 3, 4, 10, 11, 17, 18, 24, 25 and 31, 1–4 p.m.

• Oct. 5, 12, 19 and 26, 9 a.m.–4 p.m.

CVSO NOTE: The influenza immunization is also available at regularly scheduled VA appointments.

VA & DOD ALIGNED EHR: WASHINGTON—FOR IMMEDIATE RELEASE, October 10, 2018. The U.S. Secretaries of Veterans Affairs (VA) and Defense (DOD) signed a joint statement Sept. 26 pledging that their two departments will align their plans, strategies and structures as they roll out a new electronic health records (EHR) system that will allow VA and DOD to share patient data seamlessly. Signed by Defense Secretary James N. Mattis and VA Secretary Robert Wilkie, the joint statement reinforces both departments' commitment to ensuring the successful transition from a legacy patient-data system to a modernized one that will continue to support active-duty service members, Veterans and their families. VA signed a contract with Cerner Corporation May 17 to replace VA's 40-year-old legacy Veterans Integrated System Technology Architecture (VISTA) health care records technology over the next 10 years with the new Cerner system, which is in the pilot phase at DOD. Collaborating with DOD will ensure that VA: understands the challenges encountered as DOD deploys its EHR system called Military Health System GENESIS (MHS GENESIS); adapts an approach by applying lessons learned to anticipate and mitigate known issues; assesses prospective efficiencies to help deploy faster; and delivers an EHR that is fully interoperable.

I welcome your own personal comments. Constructive feedback on your own behalf (please- not anonymous) to our Commissioners is also a valuable gauge of how this office can better serve all veterans and their beneficiaries. Office(218)694-6618/ Cell(218)556-5340 Hutch

Joke time...

Ole never did much duck hunting, but he was persuaded to join a group of sportsmen and after a short time in the blind a flock of ducks flew overhead and Ole let go a blast! Ole was discouraged because not one of the duck fell down. One of his friends called, "Ole, here comes another flock. Get Ready! I don't think the first flock heard you."

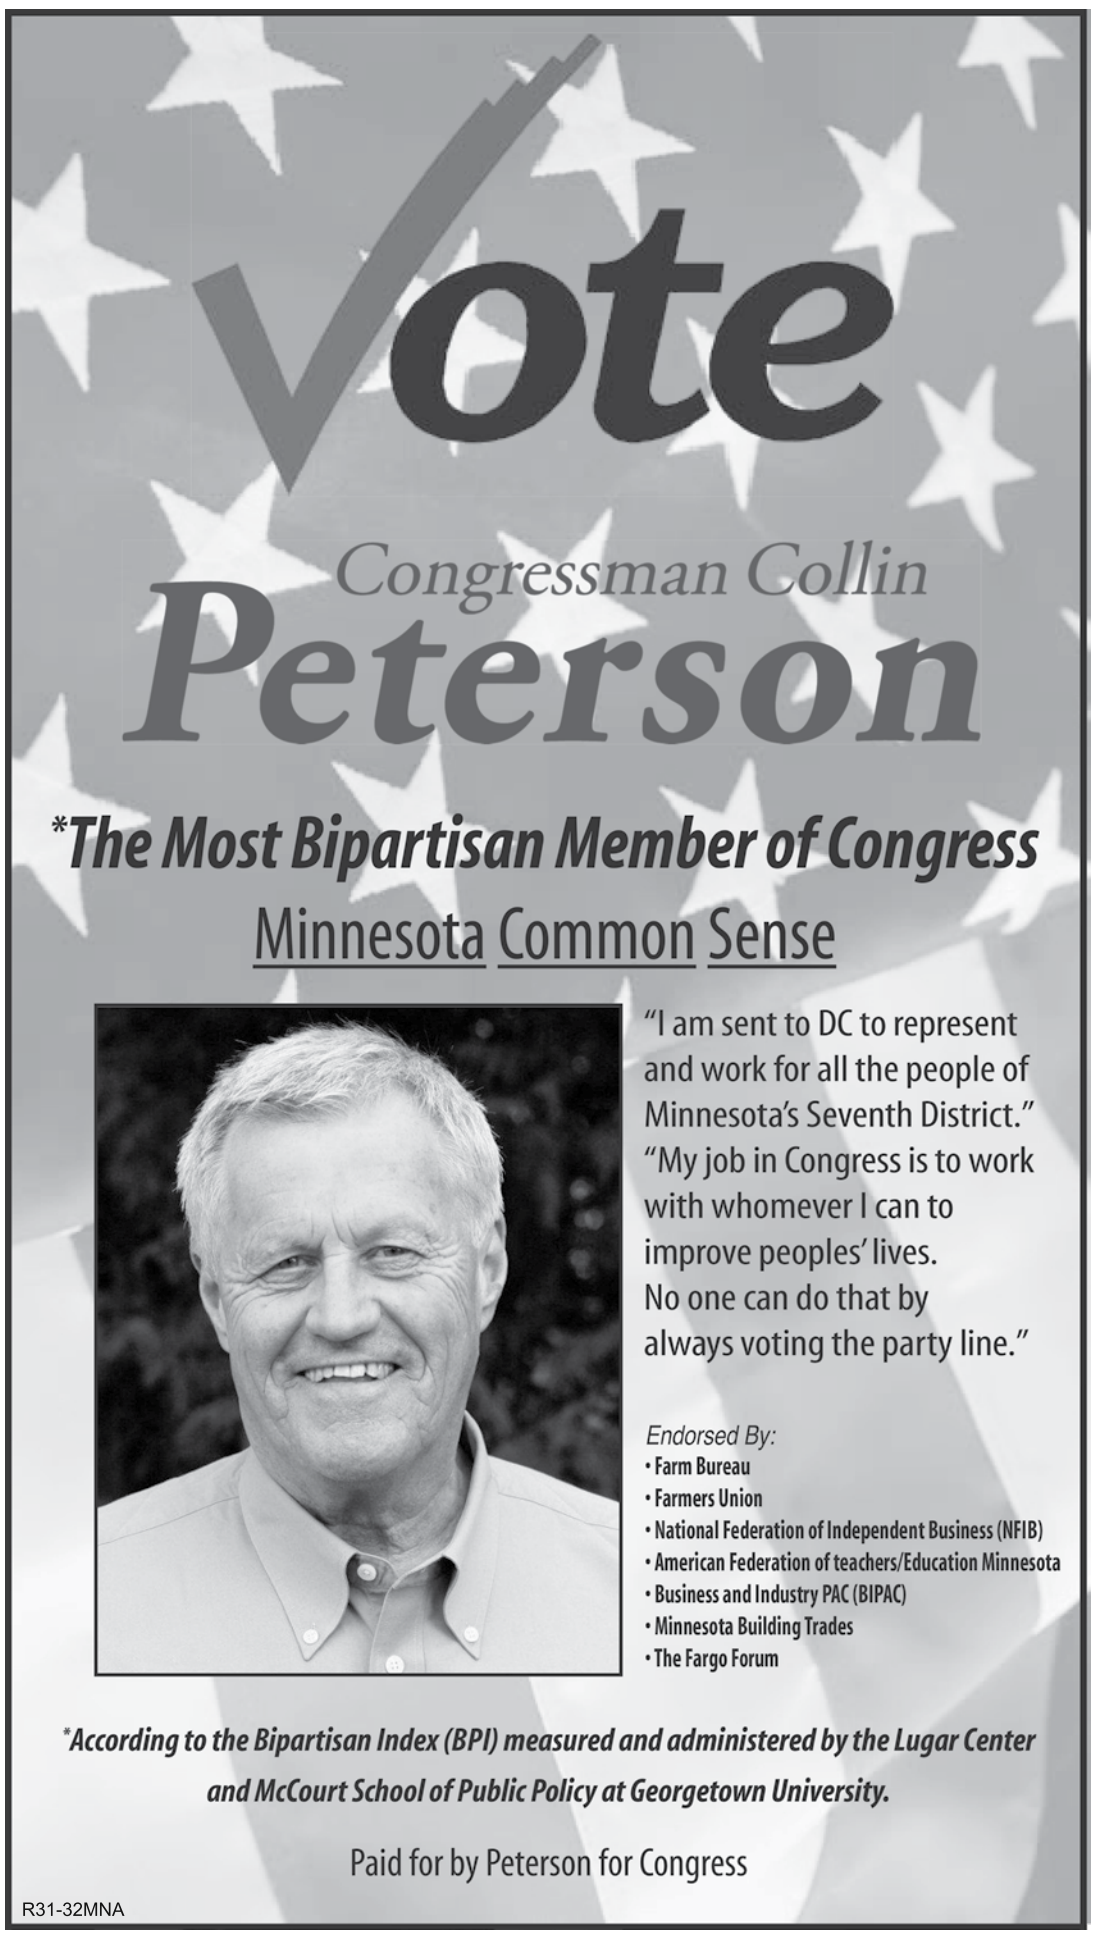

Tragedy in 1948

Written by Hazel Jordahl

The class reunions of the past few weeks revived many memories that have been stored away about the summer when the class of 1948 received their diplomas. There was that July 30th evening when the town of Clearbrook was stunned by a blast that was felt and heard for many miles from an explosion at the mobile gas station, operated at that time by Gordon Bagne and Arnold Odegaard. Gas fumes apparently ignited by the air compressor created an explosive force that demolished the building. Fortunately, no one was in it at the time although much concern was felt for Odegaard since it was not known if he had left the building or not. However, he and Bagne had left and attended the Clearwater County Fair and later visited some of Gordon's cousins at their cabin at Pine Lake, which was where the news was received about the explosion. Several oddities were discovered afterward when the money bag they had concealed in an air duct was found out by the Lee building by Orval Lee. Also, the tires upstairs were burned completely while those in the basement where the blast occurred were still in good condition.

Quiet had barely restored when a few hours later another catastrophe happened. Families were left speechless and saddened when they were notified that five Clearbrook young people had been involved in a serious head-on collision, which occurred at 12:30 am Saturday, July 31 on highway 2, approximately 2 ½ miles west of Solway in Beltrami County. A car from East Grand Forks and a car driven by Jim Long of Clearbrook collided. A couple of local people, Ann Pederson and Lenae Stenlund Beckstrand, were the first to come upon the scene. The accident was reported, sirens sounded and the McKee ambulance took the Clearbrook passengers to the Bemidji Lutheran Hospital. Jim Long was a patient for a day suffering from shock., Florence Johnson and Twyla Long were dead, Wayne Bierbaum was hospitalized with internal injuries and Harriet Anderson, now Mrs. Oscar Shellum, had a broken neck and awoke to find herself in a cast from over her chin to below her hips. The people in the other car escaped without serious injuries. Harriet wore her heavy cast for six months and then wore a brace for three weeks. Her right eye lid was cut, and she had a gash on her cheek. Because of a super doctor, Dr. Haagenson and Dr. Garlock, nurses Ruth Liester and Jeanette Hammerlinck and many others, her mom and dad (Agnes & Clarence Anderson), her sister, Lorraine, brother in law Herman, Aunt Jean and a helping hand from the Clearbrook community, Harriet endured all the ups and downs of her long convalescence. The Lord was at her side and provided her with patience and courage.

Today Harriet lives in an apartment in Clearbrook and has 501 pair of salt & pepper shakers all labeled with names of donors. This hobby was started by Ella Steenerson. Harriet is a retired teacher. She taught for 27 years in rural Fosston, Shevlin and Bagley and substituted for 10 years. Graduation, the explosion and the car accident are never to be forgotten events of the summer of 1948.

Letters to the Editor

Experience matters to me. I am voting for Al Rogalla.

Signed, Ed Rasmussen
Bagley, MN
Dated 10/16/2018

To the residents of Clearwater County:

Exercising your right to vote is important in all the positions up for election this year, but none are as important as the position of County Attorney in the successful operation of county government, both in Civil and Criminal matters.

In my capacity as District Commander of the State Patrol and Chief of Police in Thief River Falls, I have known and worked closely with your current interim County Attorney, Alan Rogalla, since 1994. I have always known him to be an honest and extremely hard-working prosecutor. A "straight shooter", that you can count on for accurate information, and honest answers. His level of experience as a county attorney gives him an unmatched skill set to be a success in your county. You are fortunate to have such a qualified individual on the ballet for this position. I am proud to support him in his effort to be elected as your County Attorney.

Sincerely,
Dick A. Wittenberg

"Business is even better during pipeline construction than vacation season."

Doug (Bagley, MN)
Owner, Harwood Oil

"I look forward to pipeline construction for increased business—it's even greater than our vacationer business when construction activity is going on. The pipeliners come into my repair shop for service work and tires for their personal trucks. Even if I didn't benefit, I'd still support pipeline construction. We need these pipelines. We need this oil."

Here are some of the ways Minnesota communities will benefit from the Line 3 Replacement Project:

Local business boost
During construction, Enbridge sources local businesses like hardware stores, supply stores and parts dealers for goods and services to support their operations.

More than 8,600 jobs
Private investment in Minnesota for the Line 3 Replacement Project is anticipated to be responsible for more than 8,600 jobs, $334 million in labor income and a total economic impact of more than $2 billion.

Almost $50 million in state taxes
Currently, $30 million is paid annually by Enbridge to Minnesota in property taxes. In the first year of service, that will increase incrementally by $19.5 million, bringing our annual total to nearly $50 million—that's tax dollars that will be used to fund schools, infrastructure, recreation and more.

6.1 August 20, 2018 Meeting – MMS to approve minutes as presented. MCU

7. Informational Items

7.1 Principal Report - Principal Dugstad discussed the following items: 1) Enrollment – Principal Dugstad advised that as of 9/12/18, we have 228 students in enrolled in our Elementary, and 230 student enrolled in our High School. 2) After School Program – Principal Dugstad plans to start running the late bus to Red Lake on Monday, September 24, 2018. This will allow Red Lake students to stay for after school tutoring. 3) School Year 18-19 – We are off and running. The kids and staff are doing great. It is a great school to be a part of. 4) Playground – The Community Outreach focus group is working on getting a bench in the playground dedicated to Mrs. Nielsen. 5) Spotlight on Education – Kim Anderson presented items that happened last May after the board meeting, and items from the first days of the 2018-2019 school year.

7.2 Superintendent Report – Mr. Burgess discussed the following items: 1) Educational – Northstar Accountability if a new accountability system. We were under the cut score for math by 3%. Our Math 11 class should help this. I will present the new report at the meeting. 2) Building – The large mower steering is broken. It has been fixed. The trash compactor site is being set up. We need to run electric and lay tar for the project. Most of the work is paid for by the grant. We are working with waste management to get the project set up and complete. The tar has been laid. 3) School Safety Grant – We are looking at different safety items, submitted a budget and are currently awaiting word on if we have received the grant and how much we will receive. 4) Negotiations – We met before today's meeting. 4) Financial – There are no unexpected expenses this month. The preliminary tax sheets will be reviewed later in the meeting. Most items have stayed in the same ranges. The Q-Comp levy is something we can start looking at for next year. We are receiving bids on an ice machine, as the repair bill would be roughly half of purchasing a new machine. 5) Homecoming – This will take place during the week of October 1st – 5th.

Community Forum in Clearbrook Community Center

Headwater Intervention Center (Domestic Violence resource center) and Support Within Reach (Sexual Violence resource center) are presenting a Community Forum for all community members from Clearwater County to attend. We are having guest speakers presenting on domestic and sexual violence awareness throughout our community.

Al Rogalla- County Attorney ; Matt Grossell - State Representative ; Steve Green - State Representative; Darin Halverson- Sherriff ; Renee Benson- Chief of Police, Bagley; Dan Gazelka- Chief of Police Clearbrook-Gonvick; Misty Larson –Domestic Violence ; Verena Pletschett – Sexual Violence

There will be a free will donation supper. Please Join us! EVERYONE IS WELCOME. Oct. 30th, 2018 at 6:30-8:30 pm in the Clearbrook, Community Center.

.Clothesline Project

The clothesline project is a memorial to victims' women, men and children and survivors of domestic violence.

The shirts are designed by many different artists, this is a visual memorial in honor of the casualties and survivors of Domestic Violence in Minnesota. The shirts will be hung on the clothesline in the Clearbrook Community Center during the community forum. Please come join us on this day. Oct 30th 6:30-8:30 pm.

Learn More About Domestic Violence

Inside your schools, churches, and work place. Please help support Domestic Violence for the whole month of October. If you have any questions, contact Misty at Headwaters Intervention Center or Email- Misty.l@headwatersic.org Phone- 218-694-2831

Recycling Saves YOU Disposal Fees

If you think that recycling isn't worth the bother, think about what it costs you to throw your recyclables in the trash.

Clearwater County pays tipping fees by the ton for trash hauled to the Fosston Incinerator. As the tonnage increases, the costs also increase. A state-of-the-art Materials Recovery Facility (MRF) recovers recyclables from trash, but the MRF operates more efficiently if it's separating mixed recyclables only, rather than recyclables from trash. Some of the recyclables aren't pulled out and end up in the landfill. Not only that, but the tipping fee for mixed recyclables is ZERO, which saves the county money!

You can reduce the volume of rubbish by recycling your paper, cardboard, plastic food and beverage containers, steel cans and, of course, aluminum and glass containers!

Take them to the recycling bins located by the County Highway Department in Bagley. Thank you!

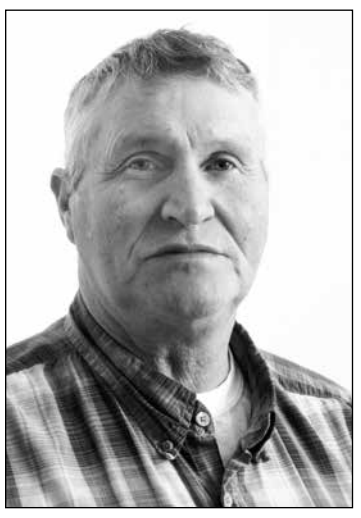

Need pointers? Call us at 218-694-6183.

This is the class of 1956 that got together on September 15. 2018 Back row: Ardis (Halverson) Breiland, Roger Edvenson, Elaine (Erickson) Erpelding, Marilyn (Buness) Vietor, Lloyd Engen, Pauline (Ambuehl) Holm, Gordy Solberg. Front Row: Leone (Walberg) Swanson, Darlene (Mielke) Johnson, Joy (Berg) Parker, Ardella (Churness) Lindberg, Lois (Larson) Bjerke.

Candidates for District 5: Mark Larson and Gary Eck

Mark Larson, candidate for District 5 Commissioner.

Name: Mark Larson

Occupation: Farming

Work history: Have farmed since high school graduation in 1977

Education: Graduated from Clearbrook High school

Community involvement: Clearwater County Fair Board and past beef superintendent; Eddy Township Supervisor; Clearbrook Elevator Board; Oak Park Cemetery Board; Red Lake Watershed Advisory Council; Member of Good Shepherd Lutheran Church, Clearbrook.

Family: Wife Sharon; son Danny and his wife Nicole and children Dylan 6, Elsa 4, and Emma 1; son Matt and his wife Melissa and children Ava 10, and Eric 7; son David and his wife Calli, and child Sawyer, 9 months.

Why did you file for the County Board?

I filed for Clearwater County Commissioner because I know how important local government is. Maintaining local influence over issues that are important to our communities gives us a voice at the state and national levels.

What do you see as the top three challenges facing our county?

We must realize that our children are the hope for the future.

We need to be the communities our young people want to stay in or come back to.

We need to provide safe communities where laws are applied and safety is paramount.

What do you see as solutions to those challenges?

In years past, a high school diploma was of marginal benefit if you had no plans of leaving the family farm or other family business. In 2018 young people entering the work force, farming or other family business, must have the knowledge of how that business fits into the bigger picture. The markets are global and the customers reach as far as the internet. Yet we have children dropping out of high school and many of them lack a direction. We need to work toward a 100 percent high school graduation rate.

For young people, with young children, we need to have educational opportunities for every child. We need to continue to challenge the children who have the ability to excel and provide appropriate educational plans for those children who need more time and attention.

We, as every community in the nation, need to address the drug epidemic. It isn't a "we/they" issue. The increase in drug activity in a community also increases crime and violence. Our law enforcement officers need to have the best tools so they can apply the law in each situation, taking dealers off the street. For each user and each dealer there are people who are innocent victims. Parents suffer the loss of their children to overdoses. And children, the most vulnerable of all, are neglected and abused.

What are your top priorities for the county?

The top priorities as I see them are children, equal employment opportunity for all, and safety of each community member. Children involved in positive activities are less likely to lose their way. The schools offer a wide variety of opportunities, but as a county we need to continue, and even strengthen, programs such as 4-H. In the past 10-20 years we have seen excellent businesses come into our county. For everyone to have the opportunity to make a living wage, we need to seek out more businesses to locate in our county. The safety of each community member is a huge responsibility. Every county resident has the right to feel safe.

If cuts become necessary, where would you start making those cuts?

Making budget cuts is always painful. At this time, not being a board member, I don't have enough information to make comments about which cuts would be best. I would encourage people to attend county board meetings to express their feelings about potential cuts and give facts on how the cuts would negatively impact them personally and the county as a whole.

As voters look at the choices on the ballot, why should people vote for you? What qualities will you bring to the County Board?

Vote your conscience. As a life time member of the community, I know many of you. I farm the land my grandfather cleared with horses. Until June of this year, I lived in the house he and my great uncle built. But it's not only just being here that matters. I've been involved in the community and my sons and their families are continuing to be involved in their communities. As I become less involved with the day to day decisions of the farm, I'll have more time to devote to the job of Clearwater County Commissioner.

If and when the Enbridge Line 3 Project begins, we can be sure there will be protesters attempting to block progress. If such protests do block work on the project, what do you feel would be the county's role?

As I watched the Standing Rock protest on the news and talked to friends living around that area being directly affected by the protests, I feared the day when we would face the same. I support Line 3 and have family that is employed by Enbridge. I don't want to fear for their safety. We need to continue to encourage open communication. We may have protests, but if the protesters are peaceful we need to meet them with peace. Words can be ignored, but if you approach me with yelling and cursing, I lose interest in what you're saying and respect for you as a person. We will need increased law enforcement presence if there is illegal protest activity or violence. Now is the time for continued communication and bringing the leaders of both sides together, peacefully.

Gary Eck, candidate for District 5 Commissioner

Name: Gary Eck

Occupation: Retired Dairy & Grain Farmer

Work history: Farming Since 1974

Education: Gonvick Public School

Community involvement: Served on Farm Bureau Board, delivered Senior Citizen meals

Family: Wife-Joy, son Carl, son Nolan, daughter Molly

Why did you file for the County Board?

I filed for commissioner to represent the taxpayers of District Five and Clearwater County. Also, I am retired and have the time it takes to listen to your concerns and work at keeping Clearwater County the great place to live that it is.

What do you see as the top three challenges facing our county?

My Main concern is the possibility of rising property taxes and how to keep them stable and from any major increases. I have learned that there is a pipeline court issue with the State of Minnesota that will potentially decrease the pipeline's valuation that would cause the property taxes on the rest of Clearwater County to increase. Also, there will be landfill and waste problems to deal with in the future.

What do you see as solutions to those challenges?

I believe our current county commissioners have been and are working very hard on solutions and what to do about it before the possibility of this happens. I would join with the other commissioners in seeking a solution and hopefully meeting with the pipeline personnel and State of Minnesota to find a resolution. This would be extremely unfair for us as taxpayers to bear that full burden when it was the State of Minnesota that regulated what those values were to be.

What are your top priorities for the county?

Guard our property taxes and expenditures. Unless I hear otherwise from constituents, I believe our current board of commissioners is doing a good job and working hard to serve the people of Clearwater County. We have a good county to live in. I will be seeking the advice of those that have gone before me and the current board and listening to what the people of District 5 have to say.

If cuts become necessary, where would you start making those cuts?

At this point if cuts have to be made, I cannot honestly say where or how until I am a commissioner and am actively involved in the processes to see. We must be able to effectively and efficiently operate to serve all of our and county residents and be fair to all employees.

As voters look at the choices on the ballot, why should people vote for you? What qualities will you bring to the County Board?

I truly will listen and take phone calls from the people and be a voice for their concerns or changes to be made. I have the time to spend visiting with others, gleaning suggestions, making the necessary phone calls and educating myself. I have already sought out Dan Stenseng and he said he is willing to answer any questions I have and offer advice. He is a very knowledgeable person with all aspects of county government and I hope to learn from him.

If and when the Enbridge **Line 3 Project begins, we can be sure there will be protesters attempting to block progress. If such protests do block work on the project, what do you feel would be the county's role?**

I am not certain at this point how the county can respond to protestors, but as commissioners I would want to meet with our County Attorney, Sheriff, and Enbridge and seek outside help and legal advice. Our first priority is to assure the safety of our citizens of Clearwater County and their property. I would seek advice on getting additional outside help and resources. The pipeline benefits our entire country and economy, but the risks are where the lines run through and protestors that come into our county and on property. Also, to offer whatever help we can legally give to the protection of those that are doing the upgrading of the pipelines that run through our county now without over extending our law enforcement's current duties to Clearwater County citizens. We have many of our own local citizens that will be working on this line.

Any other comments you wish to make or areas of interest or concern you wish to comment upon?

I would appreciate your vote November 6th.

DEMOCRATS

What We Believe. . .

While each Democrat is an individual with his or her own concerns, most of us share these beliefs:

- •Equal opportunities for all citizens
- •Rewarding, honest, hard work with fair wages and a fair tax system
- •Family values that are more than a political slogan - valuing and appreciating all members of all family units.
- • Quality education that gives all citizens the opportunity to reach their potential
- • Freedom from government interference in our private lives and personal decisions
- • A diverse population and the benefits derived from diversity
- • Security in our homes and safety on our streets
- • Separation of church and state to preserve individual freedom, as set out in the Constitution
- • A strong United States - morally, economically, and militarily
- • Protecting and preserving our environment, including common-sense reforms for cleaner and safer air and water

Two PrimeWest Health programs receive quality designation

PrimeWest Health is pleased to announce that the National Committee for Quality Assurance (NCQA) has awarded an Accreditation status of Commendable to PrimeWest Health's Families & Children and MinnesotaCare programs for service and clinical quality that meet NCQA's rigorous requirements for consumer protection and quality improvement.

PrimeWest Health, headquartered in Alexandria, is owned by Clearwater County along with the counties of Beltrami, Big Stone, Douglas, Grant, Hubbard, McLeod, Meeker, Pipestone, Pope, Renville, Stevens, and Traverse. Since beginning operations in 2003, PrimeWest Health has been recognized for its high performance as a public health insurance provider, earning several awards over the years.

"Achieving an Accreditation status of Commendable from NCQA is a sign that a health plan is serious about quality," said Margaret E. O'Kane, President of NCQA. "It is awarded to plans whose service and clinical quality meet or exceed NCQA's rigorous requirements for consumer protection and quality improvement."

NCQA is a private, nonprofit organization dedicated to improving health care quality. NCQA accredits and certifies a wide range of health care organizations. It also recognizes clinicians and practices in key areas of performance. NCQA's Healthcare Effectiveness Data and Information Set (HEDIS®) is the most widely used performance measurement tool in health care. NCQA's website (ncqa.org) contains information to help consumers, employers, and others make more informed health care choices. NCQA can be found online at ncqa.org, on Twitter @ncqa, on Facebook at facebook.com/NCQA.org/ and on LinkedIn at linkedin.com/company/ncqa.

About PrimeWest Health

PrimeWest Health is governed by a Joint Powers Board of county commissioners from each of the 13 owner counties. PrimeWest Health's primary business is providing health insurance to residents in the owner counties who are enrolled in Medicaid, MinnesotaCare, and Medicare. No county dollars are used to support PrimeWest Health, and profits are reinvested locally in the form of grants and other resources to local providers and organizations to improve access to and quality of health care.
