CONTINUING THE GONVICK RECORD AND CLEARBROOK LEADER
Serving the Communities of Clearbrook, Gonvick, Gully, Leonard and Trail

Dr. Sung Park worked on "Duke" and he appeared to be satisfied despite being at the vet clinic in Gonvick.

Staff welcomed Dr. Sung Park to Gonvick Veterinary Service. From left to right: Christian Carlson, Dr. Park and Joely Roberts.

Cornertone Veterinary Services welcomes new veterinarian

Cornerstone Veterinary Service in Gonvick has added to their staff recently. Dr. Bob Burgess has hired Dr. Sung Park to work in the clinic.

Park was born in Seoul, South Korea and received his veterinary degree from Western University in Pomona, California.

Dr. Park wanted to become a veterinarian to help under served communities. He wants his career to be an adventure and eventually working in less fortunate countries in Africa, South America and Southeast Asia.

He does not have any favorite animal to work with only ones that need help.

Since coming to Gonvick he has worked on large animals, small animals and performed surgery when needed.

He enjoys traveling and music.

Dr. Park commented that, "Dr. Bob, Marceen, and Craig are phenomenal veterinarians and even better people. The same goes for the amazing technicians and employees at Cornerstone. I'm just trying to add to this great organization and help wherever I am needed."

Cornerstone Veterinary Service is located at 236 State 92 in Gonvick at (218) 487-5360. They are a vet clinic, veterinarian, animal clinic, animal hospital providing care for small and large animals. They have new space built so that one can bring in your large animal and drive right into the building for care. They have a full line of animal health products available.

Machlitt Qualifies for State Cross Country Meet

State meet bound Amelia Machlitt.

The Bears cross country team competed in the Section 8A cross country meet last Friday, Oct. 28th at the Bagley Golf Course. There were 20 teams and over 200 runners all competing for a chance to advance to the State Cross Country Meet. This was by far the most pressure packed meet of the season. Running the race of her life, freshman Amelia Machlitt finished 8th out of 102 runners with a personal best time of 20:22 for the 3.1 mile course and qualified for the state meet. Amelia ran 50 seconds faster than her previous best time ever to cement a place as a state qualifier. Also running for the varsity girls was freshman Ava Larson who ran 22:41 to place 42nd and senior Julie Lavin who ran 24:49 to place 75th. All the girls gave great efforts on a beautiful day to run.

The Bears varsity boys team was lead by senior Daniel Rankin who ran 23:09 to place 101st. This was one of Daniel's best races of the season.

We will really miss our seniors Julie and Daniel as both were excellent leaders for us with the younger kids on the team.

Amelia will compete at the State Cross Country Meet next Saturday, November 5th at Saint Olaf College in Northfield, MN.

We would like to thank everyone for all the support they have shown the team this year.

To the right:
Ava Larson, Julie Lavin and Amelia Machlitt at the starting line.

Two running to fill the vacancy in the term expiring January 2, 2025. They are Scott Abel and Kayla Walberg.

Clearbrook-Gonvick School board positions

My name is Jill Nelson, I have been a member of the Clearbrook community since 2004. Originally, I grew up in Newfolden, MN where I graduated from Marshall County Central High School. I received

my degree in Early Childhood Education from the University of Minnesota, Crookston. I have taken additional courses at Bemidji State University to further my education. I am currently a 1st grade teacher at the Red Lake Elementary School, in Red Lake. My husband, Ben and I have three children at the Clearbrook-Gonvick school, Molly (8th Grade), Maddy (2nd Grade), and Gus (Preschool). We own and operate a beef cattle farm. In my spare time, I enjoy spending time with family, and the outdoors.

I have currently been serving on the Clearbrook-Gonvick School Board since April 2022. During these last few months, I have found that communication with families, educators and community members is an

important component for me to help provide efficient, effective, and equitable education decisions. I believe that being a school board member is one of the most important responsibilities a citizen can serve in their community. My vision is to support, promote and strengthen the Clearbrook-Gonvick School District's mission of providing effective opportunities for our students to inspire lifelong learning. Being an educator, I believe children deserve to receive the best education and educational experiences possible during their critical years of development. I am ready and willing to devote my time and talents to the students, families, educators, and community members of Clearbrook-Gonvick School District.

My name is Kayla Walberg. I have been a part of the Clearbrook Community for over 15 years. I am a wife, mother, realtor and enjoy our little hobby farm. This is the community in which I live, I love, and raise my children. I volunteer as a 4-H project leader, basketball coach for the elementary snowflake league, and give back to the community as much as I can. I decided to run for Clearbrook Gonvick School Board because I believe in quality public education and I feel I would make a great candidate in helping preserve and improve our dis-

trict. School Board Members are elected by the people of the district and I feel our district could improve communications with the community. Our children spend the majority of their time at school therefore it is important that they see their self worth, work hard, earn their positions, learn, ask questions and develop skills. They are our future generation and we need to set them up for success as they enter the real world. We do this by supporting teachers and staff along with instilling values and principles. Thank you for your consideration.

and a fulltime manager of the Northwest MN. Household Hazardous Waste facility in Bagley. Additionally, I am the current council president of the United Lutheran Church and have served briefly on the Winsor township board.

I am now a member of the C-G school board having received an appointment to the board in January to fill a vacancy. Serving on the board these past months has been a very rewarding and enlightening experience. I have learned a great deal about how our school operates and would like to use what I've learned to help the school achieve its goals going forward. I believe that my experience as a parent, farmer, tax payer, public employee and board member uniquely qualifies me to continue serving on the school board. As a parent I understand how vital our school

is to the children attending there and as a taxpayer I know how big of a responsibility it is to be a good steward of the public's funds.

Our school is fortunate to have a very well qualified and committed administration. I have enjoyed working with them and the other board members for these past months. I see my position on the board as one to assist our school's administration in providing the best possible education for the students while maintaining the school's finances in a responsible manner.

I would consider it a privilege to continue to serve on the board of the school that has, for so many years, done so much for my family and our community.

I would very much appreciate your vote.

Thank you, Sincerely
Randy Bodensteiner

sor. A motion was made by Commissioner Neal Illies, seconded by Commissioner Mark Titera to approve a step increase for Loiland to Range 19, Step 9, effective November 1. Motion Passed. Commissioner Titera then thanked Loiland for the excellent work that he has done in the time he has worked on maintenance. Commissioner Mark Larson stated, "I second that!"

Paulson also submitted invoices totaling \$73,842.01 which would be paid from the County Revenue Fund and invoices totaling \$6,126.10 to be paid from the Nursing Service Fund. All invoices were approved. Paulson also reviewed the financial reports and stated that most people will see a tax decrease due to pipeline revenue.

Sheriff Darin Halverson was next on the agenda and requested that Mason Bitker be hired as a full-time deputy upon successful completion of pre-employment screenings. Bitker would fill the vacancy left by the resignation of Chris Benson. The board approved the Sheriff's request.

In the final item of business, Derek Loiland submitted a proposal from Glenn's Carpet Service for general daily cleaning, vacuuming, and snow removal at the rate of \$31.25 per hour. The board approved the proposal retroactive to September 19, 2022. At that point the meeting was adjourned.

Thoughts from the Sheriff

Clearwater County Sheriff Darin Halverson

October is Domestic Violence Awareness Month, so I thought I would take the time to give some insight on this issue and what victims go through because of it. Domestic violence has a profound impact not only on families, but on entire communities as well. Many suffer in silence while others find their courage to stand up and say enough is enough.

Domestic violence can come in different forms. It can be physical abuse or threats of it, mental or emotional abuse and sexual abuse. Many abusers do not hit their victims, but control them with their words and actions. They make their victims feel worthless and dependent on them. These actions can lead the victim to feel like there is no way out.

It is estimated that domestic violence is the leading cause of injury to women. Not all victims of domestic violence are women, but nearly 85% are. Nearly ¼ of all women will experience domestic violence sometime during their lifetime. One-half of all homeless women are fleeing this abuse and have found no other way to escape than to leave their home.

On average, 20,000 calls for help are made nationwide to hotlines every day from people struggling with domestic violence. Every minute, 20 people are physically abused by their partner, translating to nearly 10 million men and women victims every year. This results in approximately 8 million days taken off from work because of the physical abuse. Only around 34% of victims actually seek medical attention for their injuries they sustain. Many just disguise their injuries to hide the realities of their abuse.

Victims suffer beyond the physical injuries. They are more likely to suffer from depression and have suicidal thoughts. High blood pressure, cancer and other cardiovascular diseases are also thought to be associated with domestic violence. Some victims turn to alcohol or drugs to dull their pain and in turn, become addicted.

The scary thing about domestic violence is that it can be a learned behavior. Young boys are twice as likely to commit domestic violence acts on their partner when they grow

up if they have witnessed this abuse in their home. Girls that witness this abuse can often grow up thinking it is normal to be abused and never come forward to report it. This is where we need to work to change this perception.

The Clearwater County Sheriff's Office takes reports of domestic violence very seriously. In 2021, there were 79 reports made involving domestic violence reported in the county. This year, we have received 49 to date. We work with local advocates to help the victims in these cases find the strength they need to navigate the criminal justice system and to find relief from the abuse. Many times, the victims do not wish to

press charges or they change their statement the next day about what happened. This is where advocates come into play. They are knowledgeable about the process and have resources to assist victims. You do not need to go through this alone.

This issue is not something that will go away on its own. As a community, we need to offer the support to victims and their families and hold those who commit these acts accountable. As a community we need to continue to talk about this issue and work together to reduce these incidences. No one should have to live in fear.

If you have questions that you would like answered or any suggestions, please email me at darin.halverson@co.clearwater.mn.us or call the Sheriff's Office at 218-694-6226. You can also find us on Facebook by searching for Clearwater County Sheriff's Office.

Thank you and as always, I am honored to serve as your Clearwater County Sheriff

Home Country

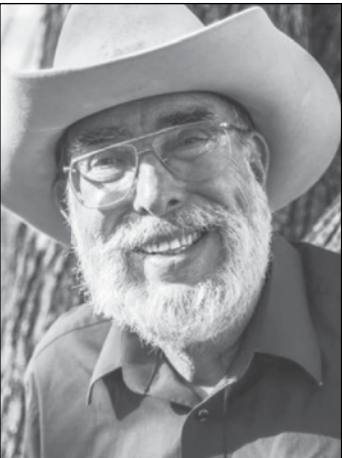

By Slim Randles

Have you been counting the minutes until election day when your neighbors can remove all those campaign signs from their lawns for another two years? Yes, these are mid-term elections, just as serious as the presidential election yet to come two years from now, but not as interesting.

Why not? Because the great candidate Vermin Love Supreme only runs for President and doesn't mess about trying to be someone's governor. V.L., who appears to be a bearded cross between Archimedes and Alexander Graham Bell, tends to stand out in a crowd. That is largely because he's usually wearing a boot on his head and is carrying a giant toothbrush.

Unlike most politicians, who basically ask us to vote for them because they have their names on several yard signs and can prove it, Ol' Verm isn't afraid to face his country head-on and tell us what we really need.

Last time around, while trying to wedge his goals into the New Hampshire primaries, Vermin made no bones of his platform: 1. Passing a national law that everyone must brush their teeth, 2. Dedicating millions of tax dollars to delve into time travel, 3. Investigate the possibilities of a Zombie invasion, and 4. Give a pony to

everyone in the country.

Let's you be scratching your head over the time-travel expenditures, Vermin Love Supreme is quick to point out that once science has whipped time travel, he can then go back in time and kill Adolf Hitler.

How can you beat a campaign slogan like that? Not only is it fun, but just picture 250 million people riding ponies around and showing off their shiny teeth.

Just two more years ... we can do it. Two more years.

Jill Anderson Tharaldson was diagnosed with stage 4 metastatic breast cancer in her bones in late July 2022, while going in for doctor appointments dealing with terrible back pain. She was then sent to surgery for removal of a mass on her spine. Post-surgery, test results showed cancer in her bones, so she went through radiation and will be doing chemo treatments. They did have a setback in a specific chemo treatment that insurance is not covering, so anything donated can help Jill and her family with these medical expenses. This isn't Jill's first rodeo with cancer as she did battle breast cancer in July of 2010. Many prayers to Jill and her family during this time. Jill is the most happy, positive, and bubbly family member and friend, and we want to do all we can to support them as they navigate down this road to recovery!

A GoFundMe page has been organized for Jill by Breanne Beckstrand.

COLA Adjustment
10/24/2022
Happy Hunting season everybody! I hope you all bag the big buck this season! I wanted to inform all Veterans who are currently in receipt of VA benefits of some good news. Recently the president signed into law the "Veterans Compensation Cost of Living Adjustment Act of 2022" into law. This law allows certain VA benefits to receive the same cost of living adjustment (COLA) as Social Security Benefits. This law applies directly to all Veterans and widows currently in receipt of VA disability compensation, clothing allowance and Dependency Indemnity Compensation (DIC).
That means that along with Social Security, these VA benefits will increase at a rate of 8.7 %. This change will take place Dec 1st and Veterans will see the affects starting in January 2023. To my knowledge this is

the largest increase in VA benefits and is likely the result of inflation. The good news is that this bill was enacted by both Republicans and Democrats showing bipartisanship where it counts.
In other news from the office, we have been invited and accepted an invitation to become an affiliated part of the state Military Action Group down in St. Paul. This is a group of Veteran advocates from around the state and also several state representatives and senators. This group meets several times a year to discuss issues facing Veterans across the state of Minnesota and can propose legislation to the Minnesota Legislature. With this I must say that I am very thankful for the invite. I noticed that I am one of the very few Northerners on the group. With that I want you to know that I will make sure rural issues are addressed for Veterans. It's about time Clearwater County has a voice!

The Border Bank Ladies are "A League of Their Own" Shown left to right: Emily Coombs, Jo Voxland, Terri Vorderbruggen and Mona Djernes.

LARRY JOHNSON FOR SHERIFF

I'm Larry Johnson, and I'm running for Sheriff in Clearwater County. I have 26 years of law enforcement experience, 10 years as a police chief, and also retired from the military as a Command Sergeant Major giving me excellent experience as a leader. As sheriff, I would increase patrols in the county, responding to all calls, civil and criminal. And a priority would be better relations between law enforcement and the public. I believe changes for the better are needed in order to make Clearwater County safer. I'm Larry Johnson and I'd appreciate your vote for Clearwater County Sheriff.

Paid for by Larry Johnson for Sheriff.

Cop says to Ole - "You were going fast."

Ole relied, "I was just trying to keep up with traffic."

Cop - "There isn't any."
Ole replied "I know! That's how far behind I am."

Clearbrook-Gonvick School Readiness hears about Fire Safety. Nick Rankin is the one with the equipment on. Other two firemen were Adam Krog and Cody Rude.

“I feel like I’ve made a difference working on renewable projects.”

Jerriid (born and raised Minnesotan)
Enbridge, Director of Project Management

“Enbridge is more than a pipeline company. It’s a company that’s participating in renewable energy projects in Minnesota and abroad. We’ve completed two solar self-power projects in the U.S. — locations where our natural gas compressor stations have about 25% of their power sourced from solar panels. It’s a company that’s doing their part and I’m really proud to be working here.”

We believe a cleaner energy future is achievable and that’s why we’re invested in low-carbon solutions:

- > **Building our renewable portfolio since 2002**
For over 20 years, we’ve been early adopters of renewable energy. Collectively, the energy from our renewable projects is enough to meet the electricity needs of about 962,000 homes.
- > **Billions invested in low-carbon solutions**
We’re adapting and modernizing our infrastructure to be cleaner and more efficient. To date, we’ve invested more than \$6 billion in renewable energy and we’re committed to spending another \$4 billion in low-carbon solutions through 2025.
- > **Net zero by 2050**
We’ve committed to net-zero emissions by 2050. And we’re holding ourselves accountable by tying compensation directly to our progress on these goals.
